4 Journeys in Detail

Journey 1: Join Stitch

Login screen → Email code, Google or Apple → Code check → Onboarding steps → Feed

Closes early → Account cleaned up automatically

Journey 2: Connect and chat

Find a person → Profile → **Connect** → Other person accepts → Chat opens

Not accepted yet → Message sits in Requests

Journey 3: Study with a class

Join with code or invite → Class home → **Submit work** → Teacher grades → Score and remark

Journey 4: Buy a course or class

Course page → **Pay with Paystack** → Server verifies payment → Access unlocked

Payment fails → Retry or contact support

Journey 5: Apply for an opportunity

Opportunity detail → Match with CV (optional) → **Upload documents** → Applied

Journey 6: Post an opportunity

Post an opportunity → Poster application → ID check → Selfie check → Approved, publish

Rejected or frozen → Message with reason

Journey 7: Earn as a creator

Apply as creator → Admin approves → **Create course, set price** → Sale, earnings held then released

Withdraw (min GHS 50) → Admin approves → Mobile Money payout

Journey 8: Report and block

Menu, Report → Pick a reason → Admin review queue → Removed or dismissed

Profile, Block → No more interaction

Journey 9: Admin

Admin tools → Reports queue → Poster requests → Payouts → Audit log

5 Navigation Rules

Rule	Behavior
Menus	Pull up from the bottom; slide down slowly when closed
Back and Continue	Floating pills; Back returns one step, the top arrow leaves the whole flow

Rule	Behavior
Lists	Every list has loading, empty and error states
Offline	A clear offline screen appears
Deep links	Open the matching post, profile, class, meeting or opportunity
